

## CLASS OF 2018

### **Rochelle M. Davis**

Rochelle Davis taught college preparatory math classes at TCC for nearly twenty five years, retiring in 2000. She was recruited by her former colleague at Leon High School to return to teaching after a twelve year absence.

Rochelle says it was that absence that made her particularly sensitive to the needs of older, returning students, especially women. She loved teaching, and working with students one on one during office hours. Rochelle believes that the positive influence she had on the confidence levels of returning students to have been among her most impactful work.

Known by her colleagues for her inexhaustible supply of patience and her love of teaching former faculty colleagues say that it is her commitment to students that really stands out about her. Former colleague Sally Search says about Rochelle "She is just a wonderful person; giving, kind, caring; as well as being an excellent teacher."

When asked about TCC, Rochelle will tell you that she believes the community thinks of TCC as their College. Rochelle has retained her love of the institution and remains active with TCC. These days she enjoys attending the Theater TCC! performances and the choral concerts.
