## MEMORANDUM

**TO:** District Board of Trustees  
**FROM:** William D. Law, Jr., President  
**SUBJECT:** Transfer of Grant Property Assets

---

### **Item Description:**

Transfer of property assets purchased by various grants for agencies located throughout the state.

### **Overview:**

Property assets purchased by Highway Traffic Safety grants and the Carl Perkins Big Bend Tech Prep grant for individual agencies throughout the state need to be officially turned over to those entities that have possession of the equipment on the attached list. These assets include vehicles, communications systems, radar detection systems, and a sign-making module. All of these items were purchased in support of the grant funded projects.

### **Salient Facts:**

All of the property assets identified on the attachment, with the exception of the sign-making module, were purchased through the Department of Transportation's Highway Traffic Safety Grants as part of the Annual Florida Law Enforcement Challenge reward program. These items were won by the participating law enforcement agencies and are no longer the property of TCC. The entities include law enforcement agencies around the state that participated in the Florida Law Enforcement Challenge. The sign-making module was purchased for Wakulla High School through the Carl Perkins Big Bend Tech Prep program.

These property items were given to law enforcement agencies located throughout the state, and as they are not the property of TCC, these items should be removed from the College's inventory.

### **Past Actions:**

The Board has previously approved the transfer of Grant Property Assets. The property listed on this attachment has not previously appeared before the Board for approval.

### **Future Actions:**

No future actions are required by the Board for this item.

### **Funding/Financial Matters:**

No funding or financial accounting necessary as these items are going to be transferred to the entities that are currently in possession of the items.

**Staff Resource:**

Teresa Smith

**Recommended Action:**

Board to authorize removal of these property items from TCC property inventory records.
