## MEMORANDUM

**TO:** District Board of Trustees  
**FROM:** William D. Law, Jr., President  
**SUBJECT:** Affiliation Agreements - Health Facilities/Dental Offices

---

### Item Description:

This item requests approval for annual affiliation agreements with local health care providers and dental offices that are used for student training by our Health Care Programs.

### Overview:

TCC maintains affiliation agreements with over 60 local health facilities and dental offices in the service district. These facilities provide clinical experiences in the work environment for students in Health Care Professions programs.

### Salient Facts

To better monitor and facilitate the process of developing these agreements and assuring consistency in language, all of the agreements are presented to the Board annually in March, even though they may be renewed on different dates throughout the year. This item authorizes the President to renew the agreements as they are required by the affiliates throughout the year.

### Past Actions:

These agreements are presented to the Board annually.

### Future Actions:

If new agreements are developed that are not on this list, they will be presented as new Board items at the time they are negotiated and, if approved, will then be added to the annual list for the future years.

### Funding/Financial Matters:

There is no funding associated with this item.

### Staff Resource:

Barbara Sloan

### Recommended Action:

That the Board authorize the President to renew agreements with these facilities during the period of April 1, 2010 through March 31, 2011, as needed.

## Agreements with Health Facilities and Dental Offices

March 15, 2010
