

UPDATE ON WAKULLA

2018-19 Year in Review

Takeaways:

- 29% of Wakulla's population commute to work each day in neighboring counties.
- TCC offers admissions assistance, academic advising, classes and workshops, job search assistance, proctored testing to current and prospective students in Wakulla.
- As a community resource, the Wakulla Center averaged over 180 visitors per month in 2018, 69% of whom were non-TCC students.
- WEI continues to invest in growing and expanding the Oyster Aquaculture and Drone training programs due to increased community demand.
